For Service Club and Garden Club members who have or are serving as Club Officers, this workshop will be an excellent opportunity to refresh your leadership skills while learning some new tricks. For members who will be assuming leadership roles or who have been asked to serve but felt they were not yet ready, this workshop will be an opportunity to form a sound foundation in the basics of becoming an effective leader.

Robin Pokorski has traveled throughout the United States giving her workshop to garden clubs and other nonprofit professional organizations. This workshop is open to everyone, for a fee of \$30 for members of Humboldt District and California Garden Clubs, Inc., and \$40 for all other individuals and includes workshop materials, lunch and beverages.

The Leadership workshop is focused on identifying, cultivating and creating future leaders for our clubs and community. Garden Club membership is not required for attendance.
