

STAGECOACH HILL AZALEA PROPAGATION PROJECT

In 2016, California Garden Clubs, Inc. (CGCI) adopted the Stagecoach Hill Propagation Project to help provide funding to propagate 300 native western azaleas from cuttings and seeds to be planted in the Stagecoach Hill Azaleas Management Area, Humboldt County at mile post 112.5 with an exit on Kane Road north of Trinidad. CGCI members will assist with collecting seed and taking cuttings.

Donations in any amount may be made by individuals, clubs or districts.
